## Tennis training in Hochdorf

The training starts every Thursday at 6pm in Hochdorf. We are three students and the coach named Claus. First we start with a little warm-up training, after that we take the tennis rackets and start with a match to eleven. Then we play a kind of Bundesliga match. In this game two players start on the left side of the tennis court and the last player on the other side. You can just make points at the side where one player stands, on the side where two players are they switch as often as they can till one makes two points in row then he goes one the "point" side and can make points. At the end we say good bye and take my bike and ride home. LEO POMMER 8b

## Sport in our school

We go to the school in Freiburg. The name of the school is Wentzinger Realschule. In our school we have a PE lesson. When we have PE, we go to the gym and then we have sport. We play games or run around the hall or anything else. The sport lesson is really funny. In grade 5 and 6 the girls and boys have sport together. In grade 7, 8, 9 and 10 the girls have sport without the boys. Sometimes we have swimming. When we have swimming, we go to the swimmingpool

nearby, the teacher shows us how to swim or how to jump from the jumptower. It's really funny too but sometimes the teacher is so strong that we don't want to go swimming. In our school we have the Junior Wentz-Cup and the Wentz-Cup, these are events, where the students can play football with the other classes. The class which wins the Wentz-Cup or the Junior-Wentz-Cup gets a trophy and another price. That was my report about sport in our school.

### My Sport

→ Cycling

Cycling is my favourite sport. I always cycle with my bike to school and when the weather is good outside and I don't have

anything to do, I just cycle out to the park. In France the biggest cycling tour is called "Tour de France". It is 200 km long. 21-22 teams with 9 cyclers are in the teams. It is every year and always in July across France and the countries nearby.

The first bicycle was built in 1817 in England. Then the dissemination of the bicycle began.

## About the SC Freiburg

The SC Freiburg is a famous team in the south of Germany. Christian Streich is the trainer of the SC Freiburg and most of the people think, that he is a very good coach. They are playing in the second Bundesliga and here they are the best team. A lot of people around hope, that the SC Freiburg will come back to the first Bundesliga next year. They have their hard training once a day, if the sun is shining or it's raining. Normally they have one football match every week. All players are very good. They wear a red and white shirt and on the emblem there is an eagle. The SC will get a new and bigger stadium in the next years, because the old one is too small. The next football match of the SC Freiburg is on Friday, the 05. February 2016. We will hope, that they win their first match of this season !!!
